

Pricing Update

increases coming mid-April on steel products

To our Valued Partners,

Due to significant increases in supply costs, we will be updating our pricing on our manufactured products. **Effective Friday April 17, 2026**, pricing for coil, flats, metal panels, downspouts and trim will increase by 11%. Please note that accessory pricing will remain unchanged.

To help you and your customers plan ahead, we encourage you to submit any upcoming orders within the next 30 days to take advantage of current pricing and to get a head start on the spring building season.

We appreciate your continued partnership and look forward to supporting your steel roofing and siding projects throughout the year. If you have any questions regarding quotes, pricing, or upcoming projects, please don't hesitate to reach out to your Forma Steel representative.

Thank you,

The Forma Steel Team
