

Menzies Group

Date: April 20, 2026

To: Menzies Group Valued Customer (Menzies Metal, Primes Vents, Vanguard Shelving)

From: Menzies Group

Subject: Price Adjustment Notice: Plastic and Resin based Products

Dear Valued Partner,

We are writing to inform you of an upcoming price adjustment from Menzies Group affecting all plastic and resin-based products across our division, including Primex Vents, Menzies Metal and Vanguard Shelving.

The geopolitical conflict in Iran has resulted in force majeure conditions within the plastic resin industry. Resin prices have increased exponentially and material availability has tightened considerably.

Although we pride ourselves on maintaining a policy of price stability, these market conditions demand immediate action.

Effective June 15, 2026, pricing will increase between 9% and 15%, depending on product category. We will be providing a detailed breakdown of increases by product line shortly. Further, there is concern throughout the industry that conditions may worsen requiring additional price increases in the future.

Order & Pricing Timing:

- Current pricing will be honored on all orders received prior to June 15, 2026 and shipped on or before June 30, 2026, or at Menzies Group's discretion.
- To help manage the impact of this change, we encourage you to review upcoming requirements and place orders in advance of the effective date where possible. Our team is ready to support you with product availability, order planning, and any questions related to timing.

We appreciate your understanding and continued partnership. Our priority remains ensuring consistent supply, product quality, and service continuity for our partners. We will keep you up to date with all future developments.

Please reach out to your Menzies Group representative for support or to discuss your upcoming needs.

Sincerely,

Menzies Group
