

PRICE >>>> ADJUSTMENT

Dear Valued Customer,

Please be advised that a 10% price increase will apply to all Buchner-produced aluminum and steel products on orders placed on or after May 4.

Orders placed before May 4 will be honored at current pricing, regardless of shipment date.

This adjustment is a result of continued cost pressures across the aluminum and steel markets. As a Canadian manufacturer sourcing primarily from the United States, we are experiencing ongoing impacts from rising raw material costs, tariffs, energy and production expenses, freight increases, and currency fluctuations.

We have made every effort to manage these increases internally; however, this adjustment is necessary to maintain the level of product quality, availability, and service you expect from Buchner Manufacturing.

We sincerely appreciate your understanding and continued partnership. Should you have any questions or wish to review upcoming orders, please do not hesitate to contact your Buchner representative.

Thank you for your continued support.

Sincerely,
Jeremy Buchner
VP, Sales & Marketing
Buchner Manufacturing
