

# NORSKE™

## TRADE-A-BLADE™

April 1 2026

Dear Valued Partner,

We hope this message finds you well. We would like to begin by expressing our sincere appreciation for your continued trust, support, and partnership. Your business is very important to us, and we truly value the strong relationships we have built together.

We are writing to provide you with a 90-day advance notice of an upcoming price adjustment across all products under the Norske, Trade A Blade, and KORR brands, effective on July 1.

Over the past several months, we have been working diligently to manage significant cost pressures, including substantial increases from our suppliers due to rising raw material costs and ongoing material shortages. In addition, elevated fuel prices have continued to impact freight and transportation expenses. While we have made every effort to absorb these increases, we are now in a position where a price adjustment is necessary to ensure we can continue to deliver the quality and service you expect from us.

The upcoming adjustment will be approximately 10-15% depending on the categories. We will share the updated price list with you by the end of April to allow ample time for your planning.

**What this means for you:**

- Current pricing will remain in effect for 90 days from the date of this notice.
- New pricing will apply to all orders placed on July 1 2026.
- The adjustment will apply to all Norske, Trade A Blade, and KORR products.

We remain fully committed to supporting your business and maintaining the level of service and reliability you depend on. Our team is here to work with you through this transition, and we are happy to discuss forecasting, inventory planning, or any questions you may have.

Thank you again for your continued partnership and understanding. We truly appreciate your business and look forward to growing together.

Warm regards,

Rachel Lu

VP, Sales & Operations
