Subject: Price Increase Announcement

Dear Valued Customer,

Given the recent inflation resulting from the increase in oil and related feedstocks, we will be announcing a price increase.

Plasti-Fab is announcing a 5% price increase on all EPS products effective April 20th, 2026. Shipments after April 20, 2026 are subject to the price increase. Orders that are not received by Monday March 23, 2026, EOD will be invoiced at the price increase level

Please feel free to contact your sales representative.

Plasti-Fab looks forward to be of service to you.

Thank you for your support.

Regards,

Marc Brisebois
General Manager
