Re: LP Rustic Series price change effective May 7th, 2026.

As part of the changes Taiga and Woodtone have made to the Rustic Series program, Taiga will be implementing a corresponding price increase with a weighted average of the following in Western Canada.

LP Rustic Series and Custom Colours *15% to 30% Weighted Average*

The above is a weighted average, however, some price pages may see specific products fall outside these estimates. New pricing will take effect on any shipments on or after May 7th, 2026.

Please note with this change Taiga has discontinued the 3/8x8x12' Lap Siding, All Lap siding will be available in 16' lengths only.
