Subject: Royal Aluminum Tariff Surcharge

Dear Royal® Aluminum Distributors,

Due to the 25% tariff the Government of Canada imposed on March 20, 2025 on USA manufactured aluminum imported into Canada, we unfortunately have to announce a surcharge to offset these tariff charges for Royal® Aluminum Products orders shipped on and after June 16, 2025.

All Royal® Aluminum Products will be subject to a surcharge of 10%; including all Regular Painted Soffit, Fascia, Aluminum Accessories, Trim Coil, Trough Coil and Rainware.

Cedar Renditions products will **not** be subject to this surcharge.

We will continue to ship orders until that date without a surcharge, subject to ordering patterns that are similar to your current average orders placed. Your invoice will indicate the surcharge for affected products as a single charge.

If you have any questions or concerns regarding this communication, please contact your Customer Service Representative or your Territory Manager.

Sincerely,

Gary Taylor
Vice President, Canada Sales
